The Director asked if Mr. Wolf had heard from General Carter. The Director does not care which service personnel are drawn from as long as they are qualified. Mr. Wolf will call back Carter and straighten out the matter.

Mr. Wisner stated that he felt it was high time to brief Mr. Pace and General Collins on operations especially in [redacted]. He believes that General McClure has told them that [redacted] are not doing their job. The DCI will get in touch with Mr. Pace or General Collins.
